

## On-Line information & Customer Portal

Are your staff suffering from constant requests for copy documents.

With Tyreman TyrePortal copies of invoices and statements are automatically created in industry standard pdf format and stored to allow customers to retrieve their own documents using a secure username/password access system.

Other documents can be stored upon request e.g. Customer spend by vehicle so your customer can monitor his individual vehicle costs - or indeed reports based upon any data held by the system.

## Introducing Tyreman
