

# Tyreman v12

## Introducing Tyreman v12

**Tyreman v12** is the next generation of real world automotive solutions.

**Tyreman** have been working hard to deliver what the market has been looking for.

Our solutions are fully interoperable with new features and latest technologies that are available not only now, but well into the future.

So if you are interested in improving your service and margins today, then the logical choice is ...

## Tyreman v12

### Retailing or Wholesaling.. We have it covered!

Whichever way your business is structured today or in the future, Tyreman have it covered. Whether you are a small independent with aspirations to grow or an international, multi-depot organisation, our new Tyreman v12 is scalable to fit your business needs now, and well into the future.

Tyreman v12 helps present a modern look to your company and instils confidence in your customers.

Fast enquiry and invoicing screens allows you to give quick service to your customers, providing excellent customer service and help to gain repeat business.

Stock control is a strong aspect of the system giving accurate information when required and flexible reporting options for unit sales and financial margins.
